How does it work?

Step 1: Exam enrollment

Enroll by paying the exam fee and gain access to take the exam whenever fits you well. There is no deadline to take the exam.

Need some preparation? All questions in the exam are based on the content of W3schools' React tutorial.

We recommend the following tutorial, quiz and exercises:

- React Tutorial (<https://www.w3schools.com/react/default.asp>)
- React Quiz (<https://www.w3schools.com/quiztest/quiztest.asp?qtest=REACT>)
- React Exercises (https://www.w3schools.com/react/react_exercises.asp)

Step 2: Take the exam

Upon enrollment, you will get access to take 2 exam attempts at your most convenient time to test your React knowledge.

Immediately after completing the exam, you will be informed of your score and of your pass/fail status.

If you fail, or want to improve your score, you can take the exam one more time. The best result of the two attempts will count.

Step 3: Become React certified

Achieve at least 75% correct answers to pass the exam and become Certified React Developer.

Each certificate gets a unique link that can be shared with others.

Validate your certification with the link or QR code.

Frequently asked questions (FAQs)

Q: How do I do bulk enrolments?

A: Are you an educator, manager, or business owner looking for courses or certifications? We are working with schools, companies, and organizations from all over the world. Add multiple users here. (<https://shop.w3schools.com/>)

Q: What payment options are available?

A: The main payment option for certification courses and exams is PayPal. PayPal accepts payment cards, as well as various other payment options depending on your location. With PayPal you can submit your payment card details and complete the purchase without needing to create a PayPal account. If PayPal is not available in your region, we can arrange for alternative payment options upon request. Contact our sales team directly at sales@w3schools.com (<mailto:sales@w3schools.com>) to check options.

Q: Do I get a discount for a program bundle if I have already purchased one of the certification courses or exams?

A: If you have already purchased one or more of the certifications included in the program bundles, you can get a discount for the price difference between what you have already paid and the full price of the program bundle. For example, if you have already purchased the HTML certifications and are interested in the Front end development bundle: You can pay the difference of 95 USD and get enrolled in the CSS and JavaScript certifications included in the Front end development bundle. To get the discount, contact our sales team directly at sales@w3schools.com to request this. There is no automated process to apply these discounts.
